

Congratulations to Tri-City Cardiology's Best Doctors in America® 2017-2018 Award Recipients

Tri-City Cardiology is proud to recognize our physicians that have been awarded Best Doctors in America® for 2017-2018. Best Doctors works with the best five percent of doctors, ranked by impartial peer review, to help people get the right diagnosis and right treatment. The Best Doctors list is the largest continuous independent survey of medical professionals. Physicians cannot pay to be listed and cannot nominate or vote for themselves. This list is audited and certified by Gallup.

Gallup has certified Best Doctors as using the highest industry standards survey methodology and processes in polling physicians to discover the doctors they would choose for their own care. Founded in 1989 by Harvard Medical School physicians, the global health solutions company, which has grown to over 30 million members worldwide, uses state-of-the-art technology capabilities to deliver improved health outcomes while reducing costs. Best Doctors seamlessly integrates its trusted health services with Fortune 1000 employers, insurers, and other groups in every major region of the world.
