FOR IMMEDIATE RELEASE

Tri-City Vein Center Announces New Location

Mesa, AZ (June 2, 2017)-The Tri-City Vein Center has moved their office downstairs from its original location in Mesa, at 6402 E. Superstition Springs Blvd., Suite 114, Mesa, AZ 85206. The new location has a larger waiting area and additional board-certified vascular specialists to provide convenient, high-quality care, in a comfortable friendly environment. Patient satisfaction is a top priority for Tri-City Vein Center, and the larger location will allow the physicians and staff the opportunity to provide very good care in order to serve our patient's needs with the best outcomes possible.

Tri-City Vein Center's physicians have years of experience providing the proper diagnosis, and recommending the best treatment plan for the individual patient for optimal clinical outcomes. Approximately 25 million Americans suffer from venous disease, a condition which often results in varicose veins and symptoms including pain, swelling, leg fatigue, ulcers, which can significantly impact a person's lifestyle.

Tri-City Vein Center was established in 2013 and services include, Radiofrequency Ablation for Venous Reflux Disease, Venous Ultrasound (Mapping), Sclerotherapy and compression stocking fittings and sales, and insurance pre-authorization for procedures.

To schedule an appointment at Tri-City Vein Center or any of the other Tri-City Cardiology locations call 480-835-6100 or visit TriCityCardiology.com for additional information on our services and providers.
